

We've blended our 9-year-old River block, which sits next to the Napa River, with the 35-year-old Cabernet Sauvignon from our Old Vine block. The result is a perfect synergy of bright dark red fruit from the River, and black fruit, earthiness, and complexity from the Old Vines. In the end, what we have here is a wonderfully balanced wine – which is our signature – delicious sweet fruit, and enough tannins and acidity to hold up for the long haul.
